

### Nero's Place in Bergen (NL)

Nero is an attractive and multi-purpose Grand café- restaurant in the middle of Bergen. Bergen is a kind of artistic village and Nero's place is established in the middle of this little town. This Grand café in Art-Deco style is for the inhabitants and visitors of Bergen the most favorite spot to pay a visit, just for a cup of coffee or an espresso or to have a bite after a day on the Dutch beach.

At this very moment, after many years, they are still using Stage Accompany equipment and the products are still in excellent condition. Nero's place is celebrating their 25th anniversary. Beginning with the SA900 and expanding the use of many other products, as in the PS44, they have combined it all together to a succeeded concept. Driven by the ES10 amplifier all the products are still working like a charm. Do we need to say more.....real quality speaks for itself.

### The Perfect Shine from Alphen aan den Rijn (NL) is Authorized Logo Partner.

We are very pleased to announce that we have a new Logo Partner in the Netherlands. The Perfect Shine is located in Alphen aan den Rijn, in the middle of Holland near Amsterdam.

This is what they write on their website;

*"Stage Accompany (SA) is THE brand name between all other professional audio and most of all a Dutch product which conquers the world. The slogan "That's How Music Should sound!" is very promising therefore we completely support the SA Company and their products."*

We thank The Perfect Shine for these pleasant as well as supportive words and we welcome our new Logo Partner in the SA family.

### St. Nicolas visited our client "De Oldeburgh" and all the St. Nicolas songs were played on the new Friends series.

Last month we have sold the Friends series (F9) to a nursing home called "De Oldeburgh" in Ouddorp (NL). On the 5th of December they all celebrated the typical Dutch Custom. On the Daily News of the 5th of December we have written about this Dutch Custom. Santa Claus visited all the residents and the staff of the nursing home. It was a nice gathering just look at the photographs.
